

Walberton Green Day

Talks Programme

Time	Organisation	Speaker	Subject
10.45	WSCC	Tom Coates	Climate Change
11.30	Viridor	Jenny Hake	Recycling at Home
12.15	ADC	Jo Brooks	Energy Efficiency and Fuel Poverty
1.00	WSCC	Penny Line	Food Waste followed by a Food Lovers Game
1.45	FWAG	Steve Podd	Water - what a Waste
2.30	Green Power	Emma Tyler	Green Power
3.15	Covers	Graeme Clements	How technology can save energy in the home

Each of the organisations giving talks will also have an exhibition stand.

In addition there will be displays from
The **Earth Cycle** Tangmere composting facility and products
Portsmouth Water (Water conservation, saving water and water meters)
The South Downs National Park (which part of our parish is now in)
John Penfold Uses locally-sourced timber waste to produce fuel for **Biomass Heating** for schools / glasshouse industry / hotels etc
The Farming & Wildlife Advisory Group
Freecycle Chichester
Andrew Cossar, Pro-Forest contract and forest management
Walberton and Binsted Primary School
Produce and crafts will be available for sale from **The Coppice Group**
Local Rangers display of countryside recreation
Walberton Action Group
Arthur Haffenden Besom Brooms
Self Unlimited (apple juice and recycled wood products)
Christine Llewellyn (baskets)
The Village Allotment Society
Keith Baxter Bee keeping in Walberton
Pegasaurus Books The Eco Guide to Sussex

Final tweaks to the details will be on this website www.walbertonag.org.uk.

There is news about related initiatives such as 'Greening Campaigns' on www.greening-campaign.co.uk.

The 'Green Day' will be an unusual local event, with the emphasis on how we in country parishes can participate in looking after our world and using its resources more sustainably. It should be fun too.

If you would like to know more, come to the WAG AGM in Walberton Village Hall on Tuesday 16 November, 7.30 at Walberton Village Hall, when Emma Tyler from 'Green Power' will give a longer talk.
